Forecast For East of England
Issued by Met Office Exeter
at 1600 on Wednesday 11 Aug 2021

++ Valid for broadcast between 1800 and 0600

Headline:
Clear or sunny spells in southeast. Cloudier in northwest.

This Evening and Tonight:
Rather cloudy across northwestern areas overnight, with limited clearer spells. More frequent clearer spells in the south and east, with isolated mist patches possible in prone rural spots by dawn. A very mild night for some in northwestern areas. Minimum temperature 14 deg C (57 deg F).

Thursday:
Rather cloudy morning, especially in the west, but eastern parts generally brighter. A dry day follows, with light winds and warm sunny spells, although with areas of cloud at times. Maximum temperature 25 deg C (77 deg F).

Outlook for Friday to Sunday:
Sunny spells and breezy Friday, but cloudier overnight into Saturday, with rain at times. Probably dry but rather cloudy Saturday. Turning wetter, and perhaps windy Sunday, with rain spreading northeast.
